Aiding Kingdom workers  
in financial crisis

# A safety net for brothers and sisters who need it most.

Sometimes the Kingdom's most faithful workers are the least financially secure. It's not uncommon for pastors and missionaries to find themselves facing a financial emergency—one that their savings or ministry benefits just can't cover.

At CDF Capital, we believe in the church. So we believe in helping those who have faithfully served the church when they need it most. **This is why we started the Kairos Benevolence Fund.**

## HOW IT WORKS

1. People like you donate to KBF.
2. Donations are invested in helping churches grow.
3. KBF earns interest.
4. That interest is given as grants to those who need it.

## DONATE TO KBF

Together, we can provide for the needs of the Kingdom workers who need it most.
