CDF FINANCIAL CAPITAL FOR
CHURCHES AND MINISTRIES

Refinancing Loans

Free up more funds for ministry.

CDF Capital believes in the church, and so we offer loans at competitive rates. Our refinancing loans help churches and ministries get out from under steep interest payments, so that they can focus more on their communities than on their creditors.

We have helped churches and ministries save hundreds of thousands of dollars of interest on their loans. Talk to us to see if a refinancing loan can help your church or ministry, too.

RATES

Our loans are available with 3, 5, or 10 year terms, with amortization periods up to 30 years. Fixed-rate or variable rate loans are available.
